

## 다운로드 파일 ❶ VMware Workstation Pro Download

- <https://www.vmware.com/products/desktop-hypervisor/workstation-and-fusion>

The screenshot shows the VMware website's product page for desktop hypervisors. The browser address bar displays the URL: [vmware.com/products/desktop-hypervisor/workstation-and-fusion](https://www.vmware.com/products/desktop-hypervisor/workstation-and-fusion). The page has a navigation bar with three links: "Product Overview" (which is underlined), "Compare", and "Resources". The main heading reads "Develop and Test for Any Platform With VMware Desktop Hypervisors". Below this, there are two product cards. The left card is for "VMware Fusion Pro for Mac", featuring an illustration of a city skyline and a description of its features for Mac users. The right card is for "VMware Workstation Pro for PC", featuring an illustration of a person at a computer and a description of its features for PC users. A red dotted line highlights the "DOWNLOAD NOW >" link for VMware Workstation Pro. A red circular button with the text "CLICK HERE" is positioned to the right of the dotted line, pointing towards the download link.

## 다운로드 파일 ⑤ Ubuntu

<https://ubuntu.com/download/desktop>

The screenshot shows the Ubuntu 25.10 download page. The browser address bar displays 'ubuntu.com/download/desktop'. The page has a dark navigation bar with 'Downloads' selected, and sub-links for 'Desktop', 'Server', 'Core', and 'Cloud'. The main content area features the text 'Ubuntu 25.10' and a circular logo of a kudu. To the right, a paragraph describes the latest version. Below this, two download options are listed: 'Intel or AMD 64-bit architecture' with a green 'Download' button and '5.3GB' size, and 'ARM 64-bit architecture' with a white 'Download' button and '3.6GB' size. A red circular callout with 'CLICK HERE' points to the first download button. At the bottom, there are links for 'What's new', 'System requirements', and 'How to install'.
